 Sunday: Torrance Men's Bible class meeting. Captain F. L. Platt will bring the message to the men. His subject will be: "Branding the Maverick."

CHRISTIAN SCIENCE
 "Understanding is a wellspring of life unto him that hath it." These words from Proverbs constitute the Golden Text in the Lesson-Sermon on "Life" Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.
 One of the Bible texts, referring to Christ Jesus, states: "And he said unto his disciples, Therefore I say unto you, Take no thought for your life, what ye shall eat, neither for the body, what ye shall put on. The life is more than meat, and the body is more than raiment."
 A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy,

presents this statement: "When understanding changes the standpoints of life and intelligence from a material to a spiritual basis, we shall gain the reality of life, the control of soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle."

BAPTIST CHURCH
 9:45 A. M. Sunday school. All are wondering what is the S. O. S. call Mr. Townsend sent out for next Sunday. Come and find out. 11:00 Worship. Pastor speaks. Subject: "Message of Cheer."
 6:30 P. M. Young People's hour. 7:30. Song and praise service with message by the pastor. Subject: "New Birth."
 Wednesday evening prayer and Bible study. Friday evening, choir practice.
 John B. Speed, minister.

Victim of Auto Crash Recovering
 WALTERIA—Irving Abbott, 11-year-old Walteria boy, who suffered a fractured skull in an automobile accident on Hawthorn boulevard July 7, is reported making a good recovery at the General hospital in Los Angeles.
 Young Abbott was injured when the car he and Nell Whitney, of Walteria, had parked on the boulevard without lights was struck by a machine driven by Lionel H. Davis, of Santa Monica, according to police.

Newcomers Are Said Increasing Here Now
 According to a survey made this week by Mrs. Phoebe J. Milburn, special service secretary of the Chamber of Commerce, Torrance welcomed 13 new families to the city and only lost eight residents.
 Two of the new families were "brand-new." Mrs. Milburn said because they were recently married couples. She also declared that the number of newcomers was increasing every week as the school vacation period advances.

Gov. C. C. Young on Air Monday
 How the California state government has been reorganized on an efficiency basis, 130 separate and overlapping commissions being combined into 13 correlated and smoothly working departments with resulting economy of expenditures, will be explained by Governor C. C. Young in an address Monday evening over a state-wide hookup of radio stations.
 Governor Young's talk will be broadcast over stations KFI, Los Angeles, KFSB, San Diego, and KGO, Oakland, from seven to seven-thirty o'clock.—Adv.

Relief From Curse Of Constipation
 A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lax, dry, overworking bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.
 Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store, Dole Drug Co.—Adv.

The Gables--Has Modern Strength

THE GABLES
 By Duncan Hunter Architect
 New York
 The expressed strength of character is one of the most outstanding characteristics of modern architecture and this applies to homes as well as to commercial structures. We have many of the former in this country, but in Europe the whole set-up is modern—and we are fast coming to it. Our houses must be livable—and to be Modern. Why copy the old worn out details and plaster them over a modern plan layout? Why not go to the bottom of the matter and have the design Modern? Why not a "stream line" house? Can we find much out of kilter in the design of the modern motor car? Our houses are back numbers when measured by motor standards. In fact measured by other living standards they don't even come up to par. They need rejuvenation, they need some "anar".
 The Gables is a modern house with "stream line" roots that give character and distinction with no trace of the freakish. The brick front capped with those flowing roofs gives a feeling of ease and permanence. The arrangement of the plan is thoroughly modern—two of the bed rooms are on the first floor and two on the second. This combination gives the convenience of the bungalow and the privacy of the two story house. The recreation room and the play room in the basement relieve the living room of a heavy wear-and-tear. The rough-stuff may be carried on in the basement without disturbing the family tranquility in the living room.
SPECIFICATIONS GIVEN
 The Gables provides the following: Basement, recreation room, play room, laundry, cold closet, heater and coal spaces.
 First Floor: entrance vestibule
